Rivers
IN HUNGARY

The harvest is plentiful

Speak Out in Review - 2009

God did amazing things at our Summer Project English Camp:
 1,808 - People were approached (Campers, Mission Trips, City)
 1,064 - Of these desired to hear about the Gospel
 75 - Started a relationship with Christ. Praise God!

I (Dave) had the opportunity to share with three young Swedish guys who have never met a Christian before. Their eyes lit up when I told them all of their sins can be absolutely forgiven. May our eyes light up each day knowing that Christ has set us free and we are free indeed. Come join us next year in 2010. There is a great video review at www.daveandrivers.com

Beach Evangelism at Speak Out

Hungary University Staff

August Staff Conference

Campus Crusade Hungary met in mid-August to worship, learn, unite in vision and evaluate the ministry. Swede Anderson was our guest speaker and shared great insights from over 40 years of personal ministry within Campus Crusade. Rivers and I spent focused time with the university staff and our leaders to begin planning our role for the Fall. One of our main goals this year is learning Hungarian. We will be using tutors, textbooks, tapes and talking to locals. Pray that our ears & tongues will be opened to this beautiful language.

Meeting University Students

As we spend time with our ministry's student leaders we are more and more impressed. Their love for Evangelism and Discipleship is sweet to our spirit. There is much need in this city, but we are encouraged to have this strong foundation to help Christ's movement push through universities this Fall. Aug. 20th is a holiday here and we were invited to a rooftop to celebrate with our new Hungarian friends. Pray for: 1) Learning Hungarian 2) Joy is attending totally Hungarian preschool 3) Sept Events: First Club Meeting, Evangelism on Campus, Student Survival Kit Outreach 4) Finding a Local Church.

Rooftop with Students
