

## FIELD UPDATE

# Dave & Rivers IN HUNGARY

The harvest is plentiful

### Girl/Guy Day & Thank You in 2010

Each winter we kick off our ministry semester teaching our students about God's desires in relationships. Rivers and I gave gender specific talks, and we really enjoyed teaching again. It is events like this one that continue to reaffirm our calling to students. We want to thank you for supporting us again this year through gifts and prayers. Also we want to thank those who gave a year end gift. God provided within \$300 of our specific need. We still need \$400 in monthly donations so if you know someone who would like to support a missionary...email us and our info is at the bottom.

### Another Great Semester of Ministry and Language

It is our heart to share often the Gospel with students here in Budapest. Rivers is leading an English club at a freshman dorm and building many relationships with Hungarian students. I am the ministry's worship and music coordinator and will begin teaching at events. The students in my band have become close friends. Also both of us have been encouraged with our language learning as we begin to understand more and more. I hit the 1,000 word mark last week on my computer program, and my very next word was "nyerni" which means "to win". Yea!

### Speak Out 2010 - Summer Missions in Hungary

We need you! Speak Out is a conversational english camp where Hungarian students come from all over the country to learn to speak english from Americans. While you are helping them with their language skills you have opportunities to share with them the love of Christ. This 5 week camp goes from June 24 - July 28 and is for high school students, college students, singles and families. March 15th is the deadline for applications so begin praying to see if you should join us this year. Please share this need with others. Visit: [www.speakout.hu/staff](http://www.speakout.hu/staff)
