

FIELD UPDATE

**Dave & Rivers
IN HUNGARY**

Hungary

The harvest is plentiful

Staff Conference and a Big Thank You!

We want to start by thanking you for supporting us through 2010 and partnering in our ministry to the Hungarian people. Our highlight of Jan was our Area Staff Conference in Slovenia. There were 1200 missionaries from E. Europe and Russia, and Rivers and I were so encouraged by the professionalism and creativity of this mission. Every country is hard at work reaching their people group with some of the most innovative ideas in missions. One country did an entire outreach which solely relied on Facebook and twitter and hundreds of students came. Overall, we wanted to let you know that God is working in this part of the world, and we are expecting even bigger and better things in years to come. Keep praying!

Lila Nap - Purple Day - Guy/Girl Day

This Valentine's Day weekend our ministry held a guy/girl event which shows students God's design in their gender roles. Over a hundred students heard strong bible teaching, were involved in small group discussions, and built a deeper community with each other. Rivers and I had thirty of them over for dinner, and it was a an absolute blessing for us. Rivers also gave a couple talks for the ladies helping them understand that a true heart for God comes by falling in love with his Word. Pray that our students will seek God's will in their relationships and trust that His plans will bring them the most joy.

Two Months in the US and Your Personal Ministry

I (Dave) have been spending a lot of time lately thinking about what to share with you when we come to the US in April. I have learned more about evangelism in the past 2 years than the 20 before. So I created a website at www.yourpersonalministry.wordpress.com that describes a strategy which will encourage and train people to share their faith more clearly and more often. We will be in Kansas City April 17 through the end of May and in the Memphis area in June. We are currently setting up appointments to speak at churches and small groups and would love to come to yours. Please contact us if we can come and share about what God is doing in Hungary and in our lives. Our phone number and emails are below. We would love to hear from you.
